

☆☆ **THE PRICE RECORD ON IMMIGRATION** ☆☆

It is no wonder immigration reform ranks as one of the highest priorities of the Sixth Congressional District of Georgia – the most recent estimate pegs the illegal alien population in the United States at 20 million. Approximately one-quarter of a million illegal aliens claim safe haven in the State of Georgia. The citizens of Georgia are fed up with rampant lawlessness and lax enforcement by the federal government. Rep. Tom Price has been responsive to this apprehension and has taken a bold course of action in the U.S. House of Representatives.

*Rep. Tom Price's plan for illegal immigration is simple – plug the holes along our borders now! No more excuses. Rep. Price's plan, the **Secure the Outside Perimeter Act (H.R. 3693)**, stipulates that the Secretary of Homeland Security must prevent all illegal border entries by the beginning of 2007. It also grants the Secretary of Homeland Security broad discretion to complete this task – he can use any means he deems necessary. And to ensure Congress is no longer blind to the problem, the Secretary of Homeland Security must update Congress every 180 days as it relates to progress being made.*

Rep. Tom Price has signed onto...

...the Citizenship Reform Act, H.R. 698. The legislation ends the “anchor baby” loop hole – a child born in the United States must have ties to this country in order to gain citizenship.

...the CLEAR Act, H.R. 3137. The legislation clarifies that state and local law enforcement officials can apprehend, detain, and remove illegal aliens in the course of their duties

...the Identification Integrity Act, H.R. 925. The legislation states that federal agencies may not accept any form of identification issued by a foreign government unless it is a passport.

...the Criminal Alien Accountability Act, H.R. 3150. The legislation mandates strong minimum prison sentences for illegal aliens who violate deportation orders and the “coyotes” who smuggle them.

...the English Language Unity Act, H.R. 997. The legislation establishes English as the official language of the United States.

...the SAFE for America Act, H.R. 1219. The legislation eliminates the diversity visa lottery program.

...the Border Protection Corps Act, H.R. 3622. The legislation reimburses Border States whose governors invoke their authority to call up and organize American citizens into a Border Protection Corps. The Corps would be deployed to prevent people from entering the United States except at international border crossings.
